Charles D. Short, MD

Welcome to our practice. To simplify the process on your first visit please complete the enclosed patient information forms prior to your arrival. Additionally, you will need to present a current insurance card upon your arrival. If your insurance requires a referral from your primary care physician it is your responsibility either to bring it with you, or to insure that it has been transmitted to us. We strongly encourage you to contact your insurance carrier to determine whether or not you need a referral for your visit to the urologist.

In order to help maintain health care costs we require all co-pays at the time of check-in. If you wish to acquaint yourself with our practice you may visit our website at [www.ucl-stl.com](http://www.ucl-stl.com).

We look forward to seeing you.

Sincerely,

*The physicians and staff at Urology Consultants, Ltd.*

Please complete the following questions:

1. Have you had any lab work or xrays done by your Primary Care Physician for anything related to your visit with us? We will need your medical records pertaining to any urological history and any xray films if done outside of Anderson Hospital.
2. Have you ever seen another urologist? If so, these records must be obtained prior to your office visit as well.
3. Have you been seen in any Emergency Room for your urological condition?
4. Please complete the enclosed forms and questionnaire prior to your visit with us and arrive 20 minutes before your scheduled appointment time.

Please call us in advance if you are having difficulty obtaining any of your records. We may be unable to see you without them and may need to reschedule your appointment.
